

Polytechnics Canada Overview and Challenges

POLYTECHNICSCANADA

Overview

Polytechnics Canada is the voice of leading research-intensive, publicly funded polytechnics, colleges and institutes of technology. Our mission is policy advocacy for federal action related to innovation and skills. Polytechnics Canada members play a critical role in enhancing Canada's productivity and innovation. Through their facilities and networks, our members provide meaningful solutions to industry problems and accelerate knowledge transfer. Graduates are job-ready and armed with the skills employers need across sectors.

Challenges

Accordion: start copy

▼ Challenge 1

Helping international students stay connected

How can international students, who are studying largely online from their home countries, become/remain connected to their campus and student community?

▼ Challenge 2

Responding to mental health challenges remotely

How can post-secondary institutions best identify mental health challenges among students learning remotely and deliver supports in this learning environment? How could this approach be adapted once in-person classes resume?
